

HCC January 2021 News Update

Dear Members

As we start a New Year, may it give us hope for better things to come. We do however wish to think of members who have either themselves contracted Covid or had family/friends who are still suffering its' effects. In particular we send our get well wishes to Dave Hall and Chris who are poorly at the moment.

Digital Competitions - entries to alfbutler33@gmail.com

Month	Subject Title
January	Glass
February	Winter Scenes
March	Curves
April	Water
May	Wild Flowers
June	Stories

Could we gently remind members to look carefully at each month's subject title? There have been several submissions recently where the image does not directly relate to that month's title and judges will mark down accordingly. I do however encourage members to support these competitions as one of the few activities we are still able to continue.

Zoom Meeting -!2th January 8pm- "New Zealand"- a talk by David Portwain ARPS - Escape to the other side of the world with this interesting travelogue. Details and a reminder will be sent nearer the date.

Newsletter Articles - May I appeal to any members for articles suitable for our next full Newsletter in March. It would be interesting to know how you have continued your photography during the restrictions and lockdown? Remembering back to our club meetings, we had an information table amongst which members could place past issues of Photography magazines or unwanted accessories etc. I thought we could include a Marketplace in our Newsletters for you to display redundant items etc. If appropriate, send me an image of the item for display. Members could then message me if interested and I would put them in touch. As a starter and your bargain of the month, I have a Hoya Pro 1 62mm circular polarising filter[free] and a brand-new Vanguard Veo-range 38 camera shoulder bag. A friend offered this with a suggestion of a small donation to a charity.

May I wish members and loved ones a Happy and Healthy New Year and positive thoughts for the day when we can all meet again and continue to share our enjoyment of photography.

Kindest wishes

Diana
